My Home Slice

A Home Cookbook Not Just For Home

Our Product

A person wearing a striped shirt and a grey apron is standing in a kitchen. They are holding a tablet with their left hand and a pot lid with their right hand. On the counter, there are several white bowls, a tray of spices, and a pot on the stove. The background shows a bright kitchen with a window and some plants.

My Home Slice is a digital home cookbook that makes all your favorite home recipes available to you with a press of a button.

My Home Slice makes your personal recipes:

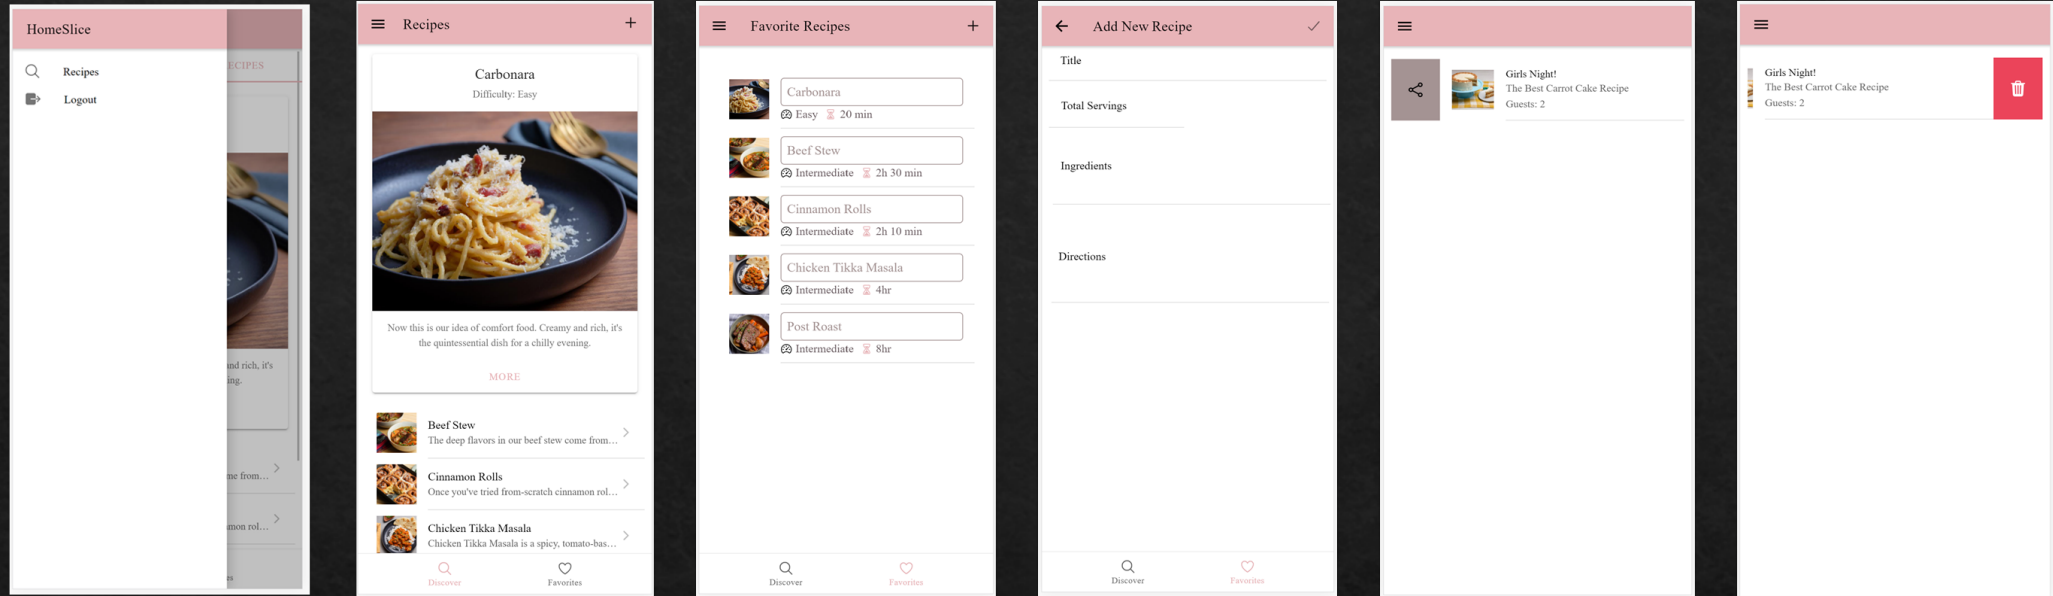

Accessible

Portable

Customizable

And easy to share with friends and family

This page tells new customers more about what My Home Slice is

This is a continuation of Our Product page. As the new customer scrolls down the Our product page they will see a sample of the My Home Slice interface

Our Product

My Home Slice is mobile and computer scalable so you can use any interface you like.

Navigation is intuitive.

You can designate your favorite recipes with a press of a button.

Add, delete, share recipes in a snap.
